From WJPA Radio News Director Lynn Manning:

On Monday, September 24, 2018, I facilitated a class for the Community Foundation of Greene County called "Community Builders." The class was held in the foundations conference room in Waynesburg, Pa. The four-hour class focused on media and business/non-profits. We discussed ways to utilize the media, work with the media and interact with the media in any number of given situations. We also discussed the pros and cons of using social media and how various mediums may utilize social media sites such as Facebook, Instagram, Snapchat, LinkedIn, etc. Handouts were provided to the group which consisted of 14 individuals from Washington and Greene counties. In addition to facilitating the class, we also discussed careers in broadcasting and I requested that anyone who might be interested in working with WJPA in some capacity, contact me. I also referred them to a post I recently put up on Facebook, seeking part-time, experienced news reporters.
